HireX

The world's first real-time human skill network

Providing instant access to verified professionals—just like Uber, but for human talent. Revolutionizing how the world finds, hires, and accesses skilled professionals in seconds instead of days.

THE PROBLEM – DEEP DIVE

Time Wasting

Professionals spend **2-5+ hours** per hiring request searching for qualified talent

Fragmented Platforms

Talent scattered across **multiple platforms** like Upwork, Fiverr, TaskRabbit, LinkedIn

Slow Hiring Process

Traditional hiring takes **days or weeks** due to reviews, negotiations, and onboarding

Uncertainty & Unreliability

No guarantee of **quality, response time,** or service delivery standards

OUR SOLUTION – DETAILED MECHANICS

AI-Driven Instant Matching

Connect users with **verified talent within seconds** through intelligent algorithms

Seamless Workflow

End-to-end **request-to-payment process** with frictionless experience

Verified Professionals

Rigorously vetted experts with **real-time availability** visibility

Global Scale

Scalable platform across **150+ countries** with localized support

MARKET OPPORTUNITY – DETAILED ANALYSIS

$6T+

Total Addressable Market Globally

$1.5T

Digital Freelance & Creative Services

$10-20B

Target Obtainable Market (5 Years)

Gig Economy Growth

Projected to reach **86+ million workers** by 2027

Remote Work Normalization

Permanent shift toward **distributed workforce**

Enterprise Adoption

Increasing use of **flexible talent marketplaces**

COMPETITIVE LANDSCAPE – WHY HireX WINS

	HireX	Upwork	Fiverr	TaskRabbit	LinkedIn
Speed	15 min	Hours	Hours	Hours	Days
Verification	✓	✗	✗	✓	✗
AI Matching	✓	✗	✗	✗	✗
Global Infrastructure	150+ countries	Limited	Limited	Limited	Global
Enterprise API	✓	✗	✗	✗	✗

Defensible Competitive Moat

HireX combines proprietary AI-driven real-time matching with rigorous verification and global scale infrastructure that competitors cannot easily replicate

BUSINESS MODEL – REVENUE STRATEGY

Transaction Fees

15-25% per task commission

Premium Subscriptions

Enhanced visibility & tools for professionals

Enterprise API Licenses

Programmatic workforce solutions integration

Value-Added Services

Insurance, instant payouts, certification, analytics

Revenue Goal

Multi-Billion Dollar Run Rate

Targeting strong growth through diversified revenue streams and scalable marketplace dynamics by year five

GO-TO-MARKET STRATEGY – DETAILED EXECUTION

Initial Launch

- Tier-1 cities focus
- Video editing vertical
- Developers segment
- Paid social & content marketing
- Supply-side incentives

Expansion

- Add skill categories
- Enterprise sales outreach
- Strategic partnerships
- Broader geographic coverage
- Offline services introduction

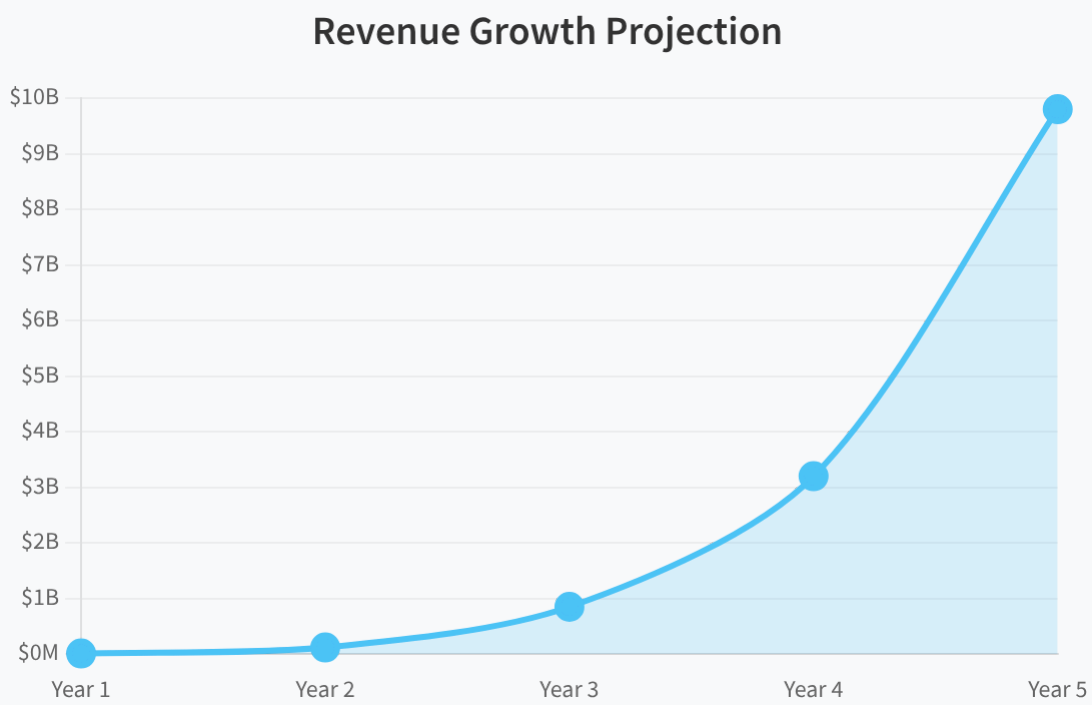
Global Growth

- Within 24 months
- Large-scale user acquisition
- Enterprise API integration
- Diversified revenue streams
- Network effect optimization

Rapid Liquidity Building

Our phased approach ensures we build critical mass quickly in initial markets before scaling globally, creating powerful network effects that competitors cannot easily replicate

FINANCIAL PROJECTIONS – FIVE-YEAR OUTLOOK



Revenue Growth

$11.5M → $9.8B

Year 1 to Year 5

User Base

Hundreds of Millions

Active Users

Verified Professionals

Millions

Across 150+ Countries

EBITDA Margin

~14%

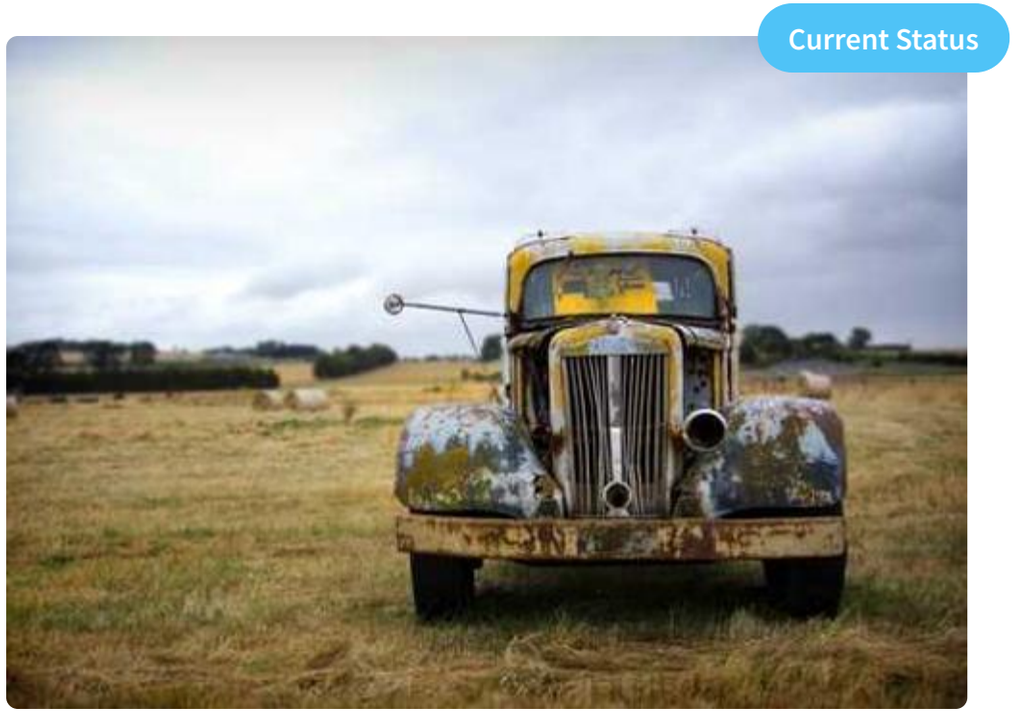
By Year 5

Valuation Target

$100B+

Based on Network Effects

TRACTION & MVP VALIDATION



AI Matching

Proprietary algorithm connecting users with **verified talent** in seconds

Professional Verification

Rigorous multi-layered **credential validation** system

Instant Booking

Seamless workflow from request to **immediate service delivery**

Beta Testing Roadmap

Controlled beta tests planned to collect user feedback and optimize product-market fit before full market launch

PRODUCT ROADMAP – 24-MONTH PLAN TO MARKET LEADERSHIP

Initial Launch

6 Months

- 3 tier-1 cities market entry
- 50,000 verified professionals
- 150,000 active users

$5M Monthly GMV

Category Expansion

12 Months

- 5 digital service categories
- Premium subscription tier launch
