Our **raison d'être**

Overseas immigrants from Asia living in USA, Canada, UK etc. seldom find qualified coaches to teach their children their roots & culture.

In local schools they learn English & Western thought. Thus their education is incomplete.

- **Identity crisis**
- **Limited exposure to native art-forms**
- **Dilemma of choosing the most optimal go-to platform**
- **Limited access to cost-effective yet quality coaches**

Our **Big Idea**
